Murphy McGowen has bright green eyes, a reputation as the wildest girl in Bridgewater, and a way of getting out of all the trouble she gets into. But when she's caught stealing from the Darlington Orchard, she's forced to repay her debt picking peaches in the hot Georgia sun. Leeda Cawley-Smith has professionally whitened teeth and the softest skin her boyfriend has ever touched. Unfortunately, Leeda's parents aren't too keen on her being touched anymore. Now Leeda's country-club summer is out the window—she'll be getting a serious sock tan working at her uncle's peach orchard instead. Birdie Darlington used to dance around her family's orchard picking peaches for fun. But now that her parents are getting divorced, Birdie would rather spend the summer in the A/C eating Thin Mints than pick another peach—too bad she doesn't have a choice. Thrown together at Darlington Orchard, Murphy, Leeda, and Birdie discover what it means to find a real soul mate, and that sometimes cute boys know a lot about peach cider. And, of course, they learn the trick to picking a perfect peach. One thing's for sure—it's going to be a juicy summer.

**Period Queen** Lucy Peach, 2020-06-02 'This will start a revolution for women.' CONSTANCE HALL As young girls, most of us were given the talk about how to manage our periods. It's the beginning of a tedious bloody grind, one of the last great taboos. But the truth is, the menstrual cycle has benefits - big, fantastic, daily, monthly, even lifelong, benefits. Every month, you have four hormonal phases that keep coming around. Each phase bears its own gifts and ways of making us feel: a time to dream, a time to do, a time to give and a time to take. Once you know what these phases are, you can predict them, plan for them and use them over and over again. In fact, harnessing your period superpowers will make you unstoppable (until you choose to stop, that is). Period Queen takes the worst thing about being a woman and turns it into the best thing. Author and period preacher Lucy Peach urges us to stop treating periods like nature's consolation prize for being a woman, banishing the notion that hormones reduce us to being random emotional rollercoasters. Become an expert in recognising what you need at different times of the month and learn how every cycle gives you a chance to cultivate the most important relationship of your life: the one with your precious self. It's pretty bloody amazing.
