Murakami T Haruki Murakami,2021-11-23 The international literary icon opens his eclectic closet: Here are photographs of Murakami's extensive and personal T-shirt collection, accompanied by essays that reveal a side of the writer rarely seen by the public. Many of Haruki Murakami's fans know about his massive vinyl record collection (10,000 albums!) and his obsession with running, but few have heard about a more intimate passion: his T-shirt collecting. In *Murakami T*, the famously reclusive novelist shows us his T-shirts—from concert shirts to never-worn whiskey-themed Ts, and from beloved bookstore swag to the shirt that inspired the iconic short story *Tony Takitani*. These photographs are paired with short, frank essays that include Murakami's musings on the joy of drinking Guinness in local pubs across Ireland, the pleasure of eating a burger upon arrival in the United States, and Hawaiian surf culture in the 1980s. Together, these photographs and reflections reveal much about Murakami's multifaceted and wonderfully eccentric persona.

Law on Display Neal Feigenson,Christina Spiesel,2009-10-01 Winner of a 2005 Gustavus Myers Outstanding Book Award (Honorable Mention) Americans fear crime, are rattled by race and avoid honest discussions of both. Anxiety, denial, miscommunication, and ignorance abound. Imaginary connections between minorities and crime become real, self-fulfilling prophecies and authentic links to race, class, gender and crime go unexplored. Katheryn Russell-Brown, author of the highly acclaimed *The Color of Crime*, makes her way through this intellectual minefield, determined to shed light on the most

persistent and perplexing domestic policy issues. The author tackles a range of race and crime issues. From outdated research methods that perpetuate stereotypes about African Americans, women, and crime to the over hyped discourse about gangsta rap and law breaking, Russell-Brown challenges the conventional wisdom of criminology. *Underground Codes* delves into understudied topics such as victimization rates for Native Americans—among the highest of any racial group—and how racial profiling affects the day-to-day lives of people of color. Innovative, well-researched and meticulously documented, *Underground Codes* makes a case for greater public involvement in the debate over law enforcement—and our own language—that must be heard if we are to begin to have a productive national conversation about crime and race.

Sharks in the Arts Vivienne Westbrook, Shaun Collin, Dean Crawford, Mark Nicholls, 2018-05-11 This book is the most thorough exploration to date of the many ways in which a wild creature has been absorbed, reimagined and represented across the ages in all of the major art forms. The authors consider not only how the identity of sharks in the natural environment became incorporated into a cultural environment but also how sharks came to be considered the most feared creatures in the open oceans as a consequence of this incorporation. Yet sharks are especially important in helping to maintain a balance that is essential to the health of the oceans. The book begins with a treatment of the three sharks at the top of global shark-attack files from scientific, economic and environmental perspectives. Subsequent chapters engage with cultural representations of sharks in poetry, drama, art, novels, screenplay adaptations and films. Through an exploration of the ways in which sharks have been represented in human culture through the centuries, this book alerts the global community to the importance of sharks as a common cultural heritage. It aims to change perceptions of sharks so that they can become more revered than feared. The authors of this book argue that an increased understanding of sharks should lead to the development of better strategies for shark and human interactions. This book will be of great interest to researchers and students of the Environmental Humanities, Cultural History and the Arts. It is also excellent supplementary reading for courses in Zoology and Marine Science.

About Town Ben Yagoda, 2000 Illuminated by interviews with more than fifty people, including the late Joseph Mitchell, William Steig, Roger Angell, Calvin Trillin, Pauline Kael, John Updike, and Ann Beattie, *About Town* penetrates the inner workings of the *New Yorker* as no other book has done.--BOOK JACKET.

Pictures at a Revolution Mark Harris, 2008 Documents the cultural revolution behind the making of 1967's five Best Picture-nominated films, including *Guess Who's Coming to Dinner*, *The Graduate*, *Doctor Doolittle*, *In the Heat of the Night*, and *Bonnie and Clyde*, in an account that discusses how the movies reflected period beliefs about race, violence, and identity. 40,000 first printing.

Hunger Makes Me a Modern Girl Carrie Brownstein, 2016-10-25 From the guitarist of the pioneering band Sleater-Kinney, the book Kim Gordon says everyone has been waiting for and a *New York Times* Notable Book of 2015-- a candid,

funny, and deeply personal look at making a life--and finding yourself--in music. Before Carrie Brownstein became a music icon, she was a young girl growing up in the Pacific Northwest just as it was becoming the setting for one the most important movements in rock history. Seeking a sense of home and identity, she would discover both while moving from spectator to creator in experiencing the power and mystery of a live performance. With Sleater-Kinney, Brownstein and her bandmates rose to prominence in the burgeoning underground feminist punk-rock movement that would define music and pop culture in the 1990s. They would be cited as "America's best rock band" by legendary music critic Greil Marcus for their defiant, exuberant brand of punk that resisted labels and limitations, and redefined notions of gender in rock. *HUNGER MAKES ME A MODERN GIRL* is an intimate and revealing narrative of her escape from a turbulent family life into a world where music was the means toward self-invention, community, and rescue. Along the way, Brownstein chronicles the excitement and contradictions within the era's flourishing and fiercely independent music subculture, including experiences that sowed the seeds for the observational satire of the popular television series *Portlandia* years later. With deft, lucid prose Brownstein proves herself as formidable on the page as on the stage. Accessibly raw, honest and heartfelt, this book captures the experience of being a young woman, a born performer and an outsider, and ultimately finding one's true calling through hard work, courage and the intoxicating power of rock and roll.

Picture Lillian Ross, 2019-04-30 A classic look at Hollywood and the American film industry by The New Yorker's Lillian Ross, and named one of the Top 100 Works of U.S. Journalism of the Twentieth Century. Lillian Ross worked at The New Yorker for more than half a century, and might be described not only as an outstanding practitioner of modern long-form journalism but also as one of its inventors. *Picture*, originally published in 1952, is her most celebrated piece of reportage, a closely observed and completely absorbing story of how studio politics and misguided commercialism turn a promising movie

into an all-around disaster. The charismatic and hard-bitten director and actor John Huston is at the center of the book, determined to make Stephen Crane's *The Red Badge of Courage*—one of the great and defining works of American literature, the first modern war novel, a book whose vivid imagistic style invites the description of cinematic—into a movie that is worthy of it. At first all goes well, as Huston shoots and puts together a two-hour film that is, he feels, the best he's ever made. Then the studio bosses step in and the audience previews begin, conferences are held, and the movie is taken out of Huston's hands, cut down by a third, and finally released—with results that please no one and certainly not the public: It was an expensive flop. In *Picture*, which Charlie Chaplin aptly described as “brilliant and sagacious,” Ross is a gadfly on the wall taking note of the operations of a system designed to crank out mediocrity.
