Cast a Cold Eye Alan Ryan, 2016-06-07 Jack Quinlan, an American writer, travels to a small village in the remote western part of Ireland to research a book on the Irish Famine. The quiet, picturesque village seems just the place to spend a few months writing, but beneath its placid exterior lurk dark secrets. Why do the locals behave so strangely? What is Father Henning, the enigmatic parish priest, hiding? And what is the meaning of the strange ritual Jack observes in the cemetery? The search for answers will lead him to the terrifying discovery that the ghosts of the past linger on in the present, and they cry out for blood ... An atmospheric, haunting ghost story, *Cast a Cold Eye* (1984) is a slow burn horror novel that will keep readers in suspense until its chilling conclusion.

Autopsy Ryan Blumenthal, 2020-08-12 As a medical detective of the modern world, forensic pathologist Ryan Blumenthal's chief goal is to bring perpetrators to justice. He has performed thousands of autopsies, which have helped bring numerous criminals to book. In *Autopsy* he covers the hard lessons learnt as a rookie pathologist, as well as some of the most unusual cases he's encountered. During his career, for example, he has dealt with high-profile deaths, mass disasters, death by lightning and people killed by African wildlife. Blumenthal takes the reader behind the scenes at the mortuary, describing a typical autopsy and the instruments of the trade. He also shares a few trade secrets, like how to establish when a suicide is more likely to be a homicide. Even though they cannot speak, the dead have a lot to say – and Blumenthal is there to listen.

Herbivoracious Michael Natkin, 2012-05-08 Vegetarian recipes from a food blogger with “a talent for enticing and boldly

flavored creations, in recipes that are colorful, thoughtful, and fresh” (Heidi Swanson, New York Times–bestselling author of *Super Natural Cooking*). In *Herbivorous: A Vegetarian Cookbook for People Who Love to Eat*, food blogger Michael Natkin offers up 150 exciting recipes (most of which have not appeared on his blog) notable both for their big, bold, bright flavors and for their beautiful looks on the plate, the latter apparent in more than 80 four-color photos that grace the book. An indefatigable explorer of global cuisines, with particular interests in the Mediterranean and the Middle East and in East and Southeast Asia, Natkin has crafted, through years of experimenting in his kitchen and in loads of intensive give-and-take with his blog readers, dishes that truly are revelations in taste, texture, aroma, and presentation. You’ll find hearty main courses, ranging from a robust Caribbean Lentil-Stuffed Flatbread across the Atlantic to a comforting Sicilian Spaghetti with Pan-Roasted Cauliflower and around the Cape of Good Hope to a delectable Sichuan Dry-Fried Green Beans and Tofu. An abundance of soups, salads, sauces and condiments, sides, appetizers and small plates, desserts, and breakfasts round out the recipes. Natkin, a vegetarian himself, provides advice on how to craft vegetarian meals that amply deliver protein and other nutrients, and the imaginative menus he presents deliver balanced and complementary flavors, in surprising and utterly pleasing ways. The many dozens of vegan and gluten-free recipes are clearly noted, too, and an introductory chapter lays out the simple steps readers can take to outfit a globally inspired pantry of seasonings and sauces that make meatless food come alive.

Jack has no idea that the awkward accountant has been tasked with uploading a cyberwarfare program into the highly secure Dalfan Technologies mainframe on behalf of the CIA. On the verge of mission success, Brown discovers a game within the game, and the people who now want to kill him are as deadly as the cyclone bearing down on the island nation. I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God

to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

After suffering for years with a debilitating autoimmune disease and missing many of these special occasions herself, Danielle Walker has revived the joy that cooking for holidays can bring in *Danielle Walker's Against All Grain Celebrations*, a collection of recipes and menus for twelve special occasions throughout the year. Featuring a variety of birthday cakes, finger foods to serve at a baby or bridal shower, and re-creations

Danielle has transformed her most cherished family traditions into trustworthy recipes you can feel confident serving, whether you're hosting a special guest with food allergies, or cooking for a crowd of regular grain-eaters.

Tori Amos's Boys for Pele Amy Gentry, 2018-11-01 It's hard to think of a solo female recording artist who has been as revered or as reviled over the course of her career as Tori Amos. Amy Gentry argues that these violent aesthetic responses to Amos's performance, both positive and negative, are organized around disgust—the disgust that women are taught to feel, not only for their own bodies, but for their taste in music. Released in 1996, Amos's third album, *Boys for Pele*, represents the height of Amos's willingness to explore the ugly qualities that make all of her music, even her more conventionally beautiful albums, so uncomfortably, and so wonderfully, strange. Using a blend of memoir, criticism, and aesthetic theory, Gentry argues that the aesthetics of disgust are useful for thinking in a broader way about women's experience of all art forms.

An American Summer Alex Kotlowitz, 2020-03-31 2020 J. ANTHONY LUKAS PRIZE WINNER From the bestselling author of *There Are No Children Here*, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity—and the breaking point—of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.

The Mysterious Collapse of World Trade Center 7 David Ray Griffin, 2012-12-30 At 5:20 in the afternoon on 9/11, Building 7 of the World Trade Center collapsed, even though it had not been struck by a plane and had fires on only a few floors. The reason for its collapse was considered a mystery. In August 2008, NIST (the National Institute of Standards and Technology) issued its report on WTC 7, declaring that the reason for the collapse of World Trade Center 7 is no longer a mystery and that "science is really behind what we have said." Showing that neither of these claims is true, David Ray Griffin demonstrates that NIST is guilty of the most serious types of scientific fraud: fabricating, falsifying, and ignoring evidence. He also shows that NIST's report left intact the central mystery: How could a building damaged by fire—not explosives—have come down in free fall?

Subpar Parks Amber Share, 2021-07-13 **A New York Times Bestseller!** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply Too cold for me! Another saw the mind-boggling vistas of Bryce Canyon as Too spiky! Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.
