Cherry Hill Jona Frank, 2020-11-03 A memoir by photographic artist Jona Frank told in captivating stories and poignant images with a cast of actors, including Laura Dern and Imogene Wolodarsky, *Cherry Hill* tells the story of one girl's suburban youth and deliverance. *Cherry Hill* is a multimedia memoir of photographic artist Jona Frank's upbringing in--and flight from--a stifling suburban household. Told in words and evocative photographs, Frank's account of her childhood struggles with a repressive mother, mentally ill brother, and overwhelming expectations is leavened with episodes from her rich interior world. Akin to a graphic novel, this hybrid of personal essay and photography breaks open the memoir format, detailing the life of a young artist as she spends her days dreaming of a friendship with Emily Dickinson, longing for Bruce Springsteen and eschewing the rules of femininity. Frank employs a cinematic approach to construct vivid scenes from her youth. Using elaborately dressed sets, era-specific wardrobes, and multiple actors to portray herself as a child, Frank refashions her memories into vibrant tableaux. Strikingly, Frank cast Academy Award-winning actor Laura Dern in the role of her strict and complicated mother in a performance as bravura as her film and television work. As Frank outgrows the confines of her environment and suffocating domestic life, discovering art and photography as the path to her personal fulfillment, she plots her ultimate escape. A unique photographic storytelling project reminiscent of such classics as *Fun Home* and *The Best We Could Do*, *Cherry Hill* is an intimate self-portrait of what it takes to break free of convention and answer the question, Who am I meant to be?

This is the story of a man named Kang Dae-su. His whole life is a miracle, rising from poverty to running a successful construction company. In his twilight years, Kang is diagnosed with a brain tumour. He returns to his childhood home of Cherry Hill. He acquires a crumbling old house in which to retreat from the world, yet the residents of the town have other plans. They seem hell-bent on intruding on Kang's private property. But

who does the house, and Cherry Hill, really belong to? Is it owned by the construction company who is trying to rejuvenate the neighbourhood? Or does it belong to the residents who have used the land to play, think, walk, love and explore for generations? And how is the bitter and despondent Kang's childhood tied to this magical place? Miracle on Cherry Hill is a redemptive story of a damaged man regaining his trust in humanity. It explores the fragility of nature and human lives and is much-loved classic in South Korea. Includes beautiful illustrations inside. Praise for The Hen Who Dreamed She Could Fly: 'I was completely sucked into this story . . . bursting with originality . . . an instant classic' Guardian 'Bewitching . . . will make grown men and women cry' Independent

*Cherry Hill* Linda G. Morris, 2018-07-04 Content: Before Opie lived in Mayberry, Beaver and Wally in Mayfield, and Betty, Bud and Kathy in Springfield, there were thousands of little Black children experiencing the same quality of life in Cherry Hill, a post WWII planned suburban community containing a public housing project on a southeastern peninsula of Baltimore City. These children had a sense of being loved, being free, being safe, and above all, having the space they needed to stretch out and enjoy small town living. They could play all day with their friends, skate and ride their bikes all over town, and chase the ice cream man's truck, with the admonishment to be home by the time the streetlights came on. The author was one of those children, and she rallied sixty or so of her Cherry Hill contemporaries to share what life was like for them in what they

know to be a special place and time.

**Cherry's Model Engines** David Carpenter, 2014-09-01 Model engineering is generally considered to be a man thing, as men in sheds everywhere don overalls and shape metal into models. But arguably the world's greatest model engineer, Cherry Hill, is, in fact, a woman. And the word 'models' hardly does justice to what she produces. For the past several decades Cherry has created scaled-down versions of traction engines – and not just run-of-the-mill types, but elaborate Victorian flights of fancy. Extensive research and meticulous design are the secrets of her success. She has created almost twenty models over the sixty-year period since her father gave her an old lathe from the workshop of his agricultural machinery business. One of the most impressive aspects of Cherry's work is that all her engines are fully working and what comes out of her workshops in Worcestershire and Florida is perfection, both in terms of design and craftsmanship. Every last part, even tiny chain links, is made in the workshop from metal stock. No parts are bought in. Once completed, all her models are given away: early ones to friends and family and later ones to the Institution of Mechanical Engineers. Each model typically occupies 7,000 hours' work, and Cherry's staggering efforts have been rewarded with the highest honours, including nine gold medals and an MBE from the Queen for Services to Model Engineering. Here, for the first time, the fruits of her illustrious career are displayed in all their intricate glory for your inspiration and enjoyment.

**Thriving After Trauma** Shari Botwin, 2019-11-08 Thriving After Trauma addresses readers who have experience trauma or loss due to a variety of experience – whether accident, abuse, or injury. Shari Botwin shows readers, through personal stories, how many who have experienced the worst kinds of trauma have managed to move on and thrive beyond their experiences. Often, those who live through trauma come away with feelings of shame, guilt, anger, and despair. These are common, even normal, responses in the immediate aftermath. Left unaddressed, though, those feelings may develop into substance abuse problems, eating disorders, depression, or anxiety. Learning how to move on, to pick up and live life again, takes effort and guidance. Botwin guides readers through the stories of others who have gone on to live fulfilling, happy lives,

and provides tips and tools for healing and moving on. Letting go of the shame, guilt, anger and fear associated with tragic events is crucial to reclaiming a full life. Strategies such as, journaling, mindfulness, cognitive-behavioral restructuring, and healthy relationships to aid in recovery are explored and explained, so readers can adopt those strategies that work best for them. It is not the trauma itself that results in so many people developing self-destructive tendencies and life threatening illnesses. It is the lack of having a way to digest and make sense of the trauma-related feelings that can lead one to mental illness, disconnection, and in some cases, even death. Readers will learn how to live with the trauma versus how to get over the trauma, so they can move forward healthfully and mindfully.

**Hatchet Man** Elie Honig, 2022-05-03 NATIONAL BESTSELLER “Elie Honig has written much more than a compelling takedown of an unfit attorney general; he also offers a blueprint for how impartial and apolitical justice should be administered in America.”—Preet Bharara “An essential analysis for anyone committed to understanding the abuses of the Trump administration so we can ensure they never happen again.”—Joyce White Vance “Essential reading for all who cherish the rule of law in America.”—George Conway Written with all the color and pacing of a legal thriller.—Variety CNN Senior Legal Analyst Elie Honig exposes William Barr as the most corrupt attorney general in modern U.S. history, with stunning new scandals bubbling to the surface even after Barr's departure from office. In *Hatchet Man*, former federal prosecutor Elie Honig uncovers Barr's unprecedented abuse of power as Attorney General and the lasting structural damage done to the Justice Department. Honig uses his own experience as a prosecutor at DOJ to show how, as America's top law enforcement official, Barr repeatedly violated the Department's written rules, and those vital, unwritten norms and principles that comprise the “prosecutor's code.” Barr was corrupt from the beginning. His first act as AG was to distort the findings of Special Counsel Robert Mueller, earning a public rebuke for his dishonesty from Mueller himself and, later, from a federal judge. Then, Barr tried to manipulate the law to squash a whistleblower's complaint about Trump's dealings with Ukraine—the report that eventually led to Trump's first impeachment. Barr later intervened in an unprecedented manner to undermine his own DOJ prosecutors on the cases of Michael Flynn and Roger Stone, both political allies of the President. And then Barr fired the U.S. Attorney for the Southern District of New York under false pretenses. Finally, Barr amplified baseless theories about massive mail-in ballot fraud, pouring gasoline on the dumpster fire battle over the 2020 election results and contributing to the January 6 insurrection that led to Trump's second impeachment. In *Hatchet Man*, Honig proves that Barr trampled the two core virtues that have long defined the department and its mission: credibility and independence – ultimately in service of his own deeply-rooted, extremist legal and personal beliefs. Honig shows how Barr corrupted the Justice Department and explains what we must do to prevent this from ever happening again.
