Painting with Words, Writing with Pictures Franco Ricci, 2001-01-01 Ricci's book ranges widely over Calvino's oeuvre to illustrate the accuracy of the idea articulated by Calvino himself that a visual image lies at the origin of all his narrative. The book's main theme is the difficult interface between word and image that Calvino struggled with throughout his career, the act of perception that rendered visible that which was invisible and transformed what was seen into what is read. Ricci holds that Calvino's narrative has an 'imagocentric' program and that his literary strategy is 'ekphrastic' i.e. it is characterized by literary description of visual representation, real or imaginary. The book is interdisciplinary in nature and will interest not only scholars of literature but also those who work with the visual arts and with information technology.

Margaret Kilgallen, 2019 Published on the occasion of Kilgallen's first posthumous museum exhibition, and the largest presentation of her work in more than a decade, this edition examines Kilgallen's roots in histories of printmaking, American and non-Western folk history and folklore, and feminist strategies of representation, expanding the narrative around her work beyond her association with the Bay Area Mission School and the Beautiful Losers artists.

Carrie Mae Weems: Kitchen Table Series, 2022-09-13 In book form, Kitchen Table is more intimate.... Unlike the experience of meandering through a museum, stepping back to appreciate the images and nearing the text panels to skim them, the pace of exploration is now in a person's hands. -Hilary Moss, New York Times This publication is dedicated solely

to the early and canonical body of work by American artist Carrie Mae Weems (born 1953). The 20 photographs and 14 text panels that make up Kitchen Table Series tell a story of one woman's life, as conducted in the intimate setting of her kitchen. The kitchen, one of the primary spaces of domesticity and the traditional domain of women, frames her story, revealing to us her relationships--with lovers, children, friends--and her own sense of self, in her varying projections of strength, vulnerability, aloofness, tenderness and solitude. As Weems describes it, this work of art depicts the battle around the family ... monogamy ... and between the sexes. G6 Weems herself is the protagonist of the series, though the woman she depicts is an archetype. Kitchen Table Series seeks to reposition and reimagine the possibility of women and the possibility of people of color, and has to do with, in the artist's words, unrequited love.

Draw it with Your Eyes Closed Dushko Petrovich, Roger White, Paper Monument (Organization), 2012 Draw It with Your Eyes Closed: the Art of the Art Assignment, is a unique and wide-ranging anthology featuring essays, drawings, and assignments from over 100 contributors including: John Baldessari, William Pope. L, Mira Schor, Rochelle Feinstein, Bob Nickas, Chris Kraus, Liam Gillick, Amy Sillman, James Benning, and Michelle Grabner. Practical and quixotic in equal parts, the art assignment can resemble a riddle as much as a recipe, and often sounds more like a haiku, or even a joke, than a clear directive. From introductory exercises in perspective drawing to graduate-level experiments in societal transformation, the assignment coalesces ideas about what art is, how it should be taught, and what larger purpose it might, or might not, serve. The book is a written record of an evolving oral tradition. Bringing together hundreds of assignments, anti-assignments, and artworks from both teachers and students from a broad range of institutions, Draw It with Your Eyes Closed serves as an archive and an instigation, a teaching tool and a question mark, a critique and a tribute.--Amazon.

Guerrilla Girls: The Art of Behaving Badly Guerrilla Girls, 2020-10-06 Guerrilla Girls: The Art of Behaving Badly is the first book to catalog the entire career of the Guerrilla Girls from 1985 to present. The Guerrilla girls are a collective of political feminist artists who expose discrimination and corruption in art, film, politics, and pop culture all around the world. This book explores all their provocative street campaigns, unforgettable media appearances, and large-scale exhibitions. • Captions by the Guerrilla Girls themselves contextualize the visuals. • Explores their well-researched, intersectional takedown of the patriarchy In 1985, a group of masked feminist avengers—known as the Guerrilla Girls—papered downtown Manhattan with posters calling out the Museum of Modern Art for its lack of representation of female artists. They quickly became a global phenomenon, and the fearless activists have produced hundreds of posters, stickers, and billboards ever since. • More than a monograph, this book is a call to arms. • This career-spanning volume is published to coincide with their 35th anniversary. • Perfect for artists, art lovers, feminists, fans of the Guerrilla Girls, students, and activists • You'll love this book if you love books like Wall and Piece by Banksy, Why We March: Signs of Protest and Hope by Artisan, and Graffiti Women: Street Art from Five Continents by Nicholas Ganz

The Notion of Family LaToya Ruby Frazier, Dennis C. Dickerson, Laura Wexler, Dawoud Bey, 2014 In this, her first book, LaToya Ruby Frazier offers an incisive exploration of the legacy of racism and economic decline in America's small towns, as embodied by her hometown of Braddock, Pennsylvania. The work also considers the impact of that decline on the community and on her family, creating a statement both personal and truly political--an intervention in the histories and narratives of the region. Frazier has compellingly set her story of three generations--her Grandma Ruby, her mother, and herself--against larger questions of civic belonging and responsibility. The work documents her own struggles and interactions with family and the expectations of community, and includes the documentation of the demise of Braddock's only hospital, reinforcing the idea that the history of a place is frequently written on the body as well as the landscape. With *The Notion of Family*, Frazier knowingly acknowledges and expands upon the traditions of classic black-and-white documentary photography, enlisting the participation of her family--and her mother in particular. As Frazier says, her mother is coauthor, artist, photographer, and subject. Our relationship primarily exists through a process of making images together. I see beauty in all her imperfections and abuse. In the creation of these collaborative works, Frazier reinforces the idea of art and image-making as a transformative act, a means of resetting traditional power dynamics and narratives, both those of her family and those of the community at large.

Seven Days in the Art World Sarah Thornton, 2008-11-17 A fly-on-the-wall account of the smart and strange subcultures that make, trade, curate, collect, and hype contemporary art. The art market has been booming. Museum attendance is surging. More people than ever call themselves artists. Contemporary art has become a mass entertainment, a luxury good, a job description, and, for some, a kind of alternative religion. In a series of beautifully paced narratives, Sarah Thornton investigates the drama of a Christie's auction, the workings in Takashi Murakami's studios, the elite at the Basel Art Fair, the eccentricities of Artforum magazine, the competition behind an important art prize, life in a notorious art-school seminar, and the wonderland of the Venice Biennale. She reveals the new dynamics of creativity, taste, status, money, and the search for meaning in life. A judicious and juicy account of the institutions that have the power to shape art history, based on hundreds of interviews with high-profile players, Thornton's entertaining ethnography will change the way you look at contemporary culture.

Fay William Wegman, 1999-11-24 With family photos, video and film stills, and studio photos never before published, Fay captures the collaborative spirit and amazing artistic outpouring of Wegman and his extraordinary companion. Their relationship spanned ten years during which time Fay became as well known to the art world as her canine predecessor, Man Ray. Motherhood brought Fay new concerns and Wegman a wealth of new characters. In 1989 she was joined in the studio

by three of her puppies. What followed was a flowering of dramatic roles for Fay and her offspring in a wide range of books and videos for children.

Men to Avoid in Art and Life Nicole Tersigni, 2020-08-11 Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy Now, when you're riding a horse, you need to make sure to keep a good grip on the reins. These are my horses. Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like Men Explain Things to Me by Rebecca Solnit, Milk and Vine: Inspirational Quotes from Classic Vines by Emily Beck, and Awards For Good Boys: Tales Of Dating, Double Standards, And Doom by Shelby Lorman.

All the Restaurants in New York John Donohue, 2019-05-14 “An emotional trip down memory lane for those of us who count our favorite restaurants as cherished personalities and members of our family.” —Danny Meyer, founder of Shake Shack From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people’s favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. All the Restaurants in New York is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of these much-loved restaurants. “I love John’s spare, romantic, quirky portrayals of iconic New York restaurants so much that I purchased over a dozen of his prints to hang around my office. These places come to define our lives in New York—that job right next to Balthazar, that boyfriend who lived above Prune,

that interview that took place at '21' . . . They deserve this spotlight, this tribute." —Amanda Kludt, Editor in Chief, Eater
"John Donohue is the Rembrandt of New York City's restaurant facades. His collection is an invaluable, evocative guide to the ever-changing, slowly vanishing landscape of the city's great dining scene. It belongs on the bookshelf of every devout chowhound and fresser." —Adam Platt, Restaurant Critic, New York magazine

Richard Serra Richard Serra, Dia Center for the Arts (New York, N.Y.), 1997 The Centers for Disease Control and Prevention have identified youth violence as a major public health problem. What impact does exposure to violence--be it in the form of victimization, observation, or knowledge--have on young people? How do they develop a sense of morality? And how does it affect their perception of the world around them? Devoted to this crisis in American life, this volume--originally published as a special issue of the journal *Psychiatry*--documents the rise in violence in our communities and explores its impact on children's physical, psychological, and social development. We know from police statistics, as well as from the evening news, that the violence in many American communities is increasing at an alarming rate. To assess the impact this may have on children, however, more detailed epidemiological data is needed. We must ascertain the types of violent acts children experience, patterns and duration of their exposure, factors that increase some children's exposure, and factors that protect others. Reporting on studies that have been initiated in this area are three chapters that describe ground-breaking projects that are distinguished by their sensitivity to community dynamics and developmental processes. Strategies for intervention are addressed in chapters that delineate the need for immediate remedial action, describe positive effects research projects can have in volatile communities, report on the impact of an innovative intervention program, and assess the influence of television violence. Other contributions draw from research on the effects of child sexual abuse and maltreatment on children's development to discuss specific psychological processes that may mediate negative effects, as well as risk and protective factors in the culture, community, and family. Reflecting on the implications of our culture's violence on the early development and morality of our children, final chapters focus on the children who are currently facing severe adversity. Rounding out the volume, a powerful case is made for a deployment of the country's resources to support the potential for resilience in the children and families whose everyday lives are affected by this national problem.

Sally Mann Sally Mann, 2014-04-28 Taken against the Arcadian backdrop of her woodland summer home in Virginia, Sally Mann's extraordinary, intimate photographs of her children : Emmett, Jessie, and Virginia reveal truths that embody the individuality of her immediate family and ultimately take on a universal quality. Mann states that her work is about everybody's memories, as well as their fears, a theme echoed by Reynolds Price in his eloquent, poignantly reflective essay accompanying the photographs in *Immediate Family*. With sublime dignity, acute wit, and feral grace, Mann's pictures

explore the eternal struggle between the child's simultaneous dependence and quest for autonomy, the holding on, and the breaking away. This is the stuff of which Greek dramas are made : impatience, terror, self-discovery, self-doubt, pain, vulnerability, role-playing, and a sense of immortality, all of which converge in Sally Mann's astonishing photographs. A traveling exhibition of Immediate Family, organized by Aperture, opened at the Institute of Contemporary Art in Philadelphia in the fall of 1992. All of the photographs in Immediate Family were taken with an 8-by-10-inch view camera.

This is Me, this is You Roni Horn, 2002 Last season we published Horn's Dictionary of Water, a universal lexicon, now we offer This Is Me, This Is You Horn's handbook of identity. Here in this uniquely bound twinned volume we have a book with no end. Peruse the 48 images taken with a 'point and shoot' camera, and as you arrive at the last image, you turn the book over and begin again: now with a paired complement for each of the 48 images, taken only a few seconds later. This work, a single and singular portrait photographed over a two year period evokes a multitude-- of identities, of images, of icons from Bette Davis to Marlon Brando. Ultimately it is the multitude in each of us.

Allan Wexler Allan Wexler, 2017-01 This book features projects, developed during the artist Allan Wexler's forty-five-year career, which mediate the gap between fine and applied art using the mediums of architecture, sculpture, photography, painting, and drawing. Wexler's production can be broadly described as tactile poetry composed by re-framing the ordinary with the intention of sustaining a narrative about landscape, nature, and the built environment that highlights the intriguing and surprising characteristics latent in the elements and rituals that pervade daily life. His work demonstrates a commitment to re-evaluating basic assumptions about our relationship to the built and natural environments. Organized thematically across four categories--abstraction, landscape, private space, and public places--this publication is a richly illustrated cross section of Wexler's multi-scale, multi-media work, featuring his own writings, narratives, and reflections.
