My Guru Cancer: You Don't Have to Fight to Find True Freedom from the C Word Bethany Webb, 2020-08-22 Three words Bethany never thought her 34-year-old, healthy, organic-eating, wellness-teaching yogini body would ever hear? You have cancer. Even more shocking? She was excited. A compassionate companion for anyone facing the C word, *My Guru Cancer* is the inspirational story of a woman who dares to drop the fight, welcoming breast cancer into her life as a wise teacher of self-growth, love, and gratitude. In this down-to-earth, funny, and heartfelt confessional, join Bethany on her two-year journey into remission as she applies the practical tools of inquiry to meet each challenge: diagnostic testing, treatment, losing body parts, finances, relationships, emotional exorcisms, and the fear of death. Go beyond simple positive thinking and learn how to cultivate a healing mindset that transforms any nightmare into a blessing, creating a life of laughter and peace. True freedom from cancer is a state of mind. And you don't have to go to war or wait until you're pronounced cancer-free to find it.

The Humane Gardener Nancy Lawson, 2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. *The Humane Gardener* fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

The Art of Slow Writing Louise DeSalvo, 2014-10-07 In a series of conversational observations and meditations on the writing process, *The Art of Slow Writing* examines the benefits of writing slowly. DeSalvo advises her readers to explore their creative process on deeper levels by getting to know themselves and their stories more fully over a longer period of time. She writes in the same supportive manner that encourages her students, using the slow writing process to help them explore the complexities of craft. *The Art of Slow Writing* is the antidote to self-help books that preach the idea of fast-writing, finishing a novel a year, and quick revisions. DeSalvo makes a case that more mature writing often develops over a longer period of time.

and offers tips and techniques to train the creative process in this new experience. DeSalvo describes the work habits of successful writers (among them, Nobel Prize laureates) so that readers can use the information provided to develop their identity as writers and transform their writing lives. It includes anecdotes from classic American and international writers such as John Steinbeck, Henry Miller, Virginia Woolf and D. H. Lawrence as well as contemporary authors such as Michael Chabon, Junot Diaz, Jeffrey Eugenides, Ian McEwan, and Salman Rushdie. DeSalvo skillfully and gently guides writers to not only start their work, but immerse themselves fully in the process and create texts they will treasure.

Steeped in Stories Mitali Perkins, 2021-08-31 The stories we read as children shape us for the rest of our lives. But it is never too late to discover that transformative spark of hope that children's classics can ignite within us. Award-winning children's author Mitali Perkins grew up steeped in stories--escaping into her books on the fire escape of a Flushing apartment building and, later, finding solace in them as she navigated between the cultures of her suburban California school and her Bengali heritage at home. Now Perkins invites us to explore the promise of seven timeless children's novels for adults living in uncertain times: stories that provide mirrors to our innermost selves and open windows to other worlds. Blending personal narrative, accessible literary criticism, and spiritual and moral formation, Perkins delves into novels by Louisa May Alcott, C. S. Lewis, L. M. Montgomery, Frances Hodgson Burnett, and other literary uncles and aunts that illuminate the virtuous, abundant life we still desire. These novels are not perfect, and Perkins honestly assesses their critical frailties and flaws related to race, culture, and power. Yet reading or rereading these books as adults can help us build virtue, unmask our vices, and restore our hope. Reconnecting with these stories from childhood isn't merely nostalgia. In an era of uncertainty and despair, they lighten our load and bring us much-needed hope.

Juba This, Juba That Helaine Becker, 2011-09-13 Traditional “juba” rhythms have a long history. They originated in Nigeria as hand-clapping games. People who were brought to the New World as slaves fought hard to keep their culture alive against terrible odds. They transformed “juba” rhythms into work songs that were passed down orally. *Juba This, Juba That* is based on one of the most popular songs. With its strong beat and read-along repetition, it will delight small children. Along with all the fun there's also fascinating history and concepts including opposites and prepositions. Children will have fun discovering the story told in the art about a boy named Juba who follows a mysterious yellow cat on a magical, middle-of-the night adventure that leaves them both happy and ready for slumber.
