## Nancy Lawson

*The Humane Gardener* Nancy Lawson, 2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. *The Humane Gardener* fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

**The Nature of Oaks** Douglas W. Tallamy, 2021-03-30 “A timely and much needed call to plant, protect, and delight in these diverse, life-giving giants.” —David George Haskell, author of *The Forest Unseen* and *The Songs of Trees* With *Bringing Nature Home*, Doug Tallamy changed the conversation about gardening in America. His second book, the New York Times bestseller *Nature’s Best Hope*, urged homeowners to take conservation into their own hands. Now, he is turning his advocacy to one of the most important species of the plant kingdom—the mighty oak tree. Oaks sustain a complex and fascinating web of wildlife. *The Nature of Oaks* reveals what is going on in oak trees month by month, highlighting the seasonal cycles of life, death, and renewal. From woodpeckers who collect and store hundreds of acorns for sustenance to the beauty of jewel caterpillars, Tallamy illuminates and celebrates the wonders that occur right in our own backyards. He also shares practical advice about how to plant and care for an oak, along with information about the best oak species for your area. *The Nature of Oaks* will inspire you to treasure these trees and to act to nurture and protect them.

**Cuba (Winner of the Pulitzer Prize)** Ada Ferrer, 2022-06-28 In 1961, at the height of the Cold War, the United States severed diplomatic relations with Cuba, where a momentous revolution had taken power three years earlier. For more than half a century, the stand-off continued--through the tenure of ten American presidents and the fifty-year rule of Fidel Castro. His death in 2016, and the retirement of his brother and successor Raúl Castro in 2021, have spurred questions about the country's future. Meanwhile, politics in Washington--Barack Obama's opening to the island, Donald Trump's reversal of that

policy, and the election of Joe Biden--have made the relationship between the two nations a subject of debate once more. Now, award-winning historian Ada Ferrer delivers an ambitious chronicle written for an era that demands a new reckoning with the island's past. Spanning more than five centuries, *Cuba: An American History* reveals the evolution of the modern nation, with its dramatic record of conquest and colonization, of slavery and freedom, of independence and revolutions made and unmade. Along the way, Ferrer explores the influence of the United States on Cuba and the many ways the island has been a recurring presence in US affairs. This is a story that will give Americans unexpected insights into the history of their own nation and, in so doing, help them imagine a new relationship with Cuba. Filled with rousing stories and characters, and drawing on more than thirty years of research in Cuba, Spain, and the United States--as well as the author's own extensive travel to the island over the same period--this is a stunning and monumental account like no other. --

**Abandoned Ruins on Public Lands in New Jersey** Kathleen Butler, 2020-11-09 Scattered throughout New Jersey are remnants of history that are being reclaimed by nature or destroyed by vandals. Author and photographer, Kathleen Butler, takes the reader on a journey back through time to rediscover the little-known history of these forgotten places. Most are deep in the woods of New Jersey; one is only known to the author and is exclusive to this book. Discover ruins from iron-making industries, mills, the railroad, and more. Some of the ruins are from industries that were at their peak, but fell hard when the market was no longer in their favor. They ultimately abandoned their businesses, or they rediscovered another market and moved elsewhere. Some companies tried to establish themselves only to find that the area was not suitable, leaving their failed community behind, or simply went bankrupt. Now, nature is taking over, and soon, these abandoned ruins will disappear forever.

**Cars, Castles, Cows and Chaos** Midge Guerrera, 2022-03-08 A New Jersey Girl's Humorous Romp Throughout Italy.

**Inanimate Life** George M. Briggs, 2021-07-16

**The Brother Gardeners** Andrea Wulf, 2010-03-09 A fascinating look at the men who made Britain the center of the botanical world—from the author of *Magnificent Rebels* and New York Times bestseller *The Invention of Nature*. “Wulf’s flair for storytelling is combined with scholarship, brio, and a charmingly airy style.... A delightful book—and you don’t need to be a gardener to enjoy it.” —The New York Times Book Review Bringing to life the science and adventure of eighteenth-century plant collecting, *The Brother Gardeners* is the story of how six men created the modern garden and changed the horticultural world in the process. It is a story of a garden revolution that began in America. In 1733, colonial farmer John Bartram shipped two boxes of precious American plants and seeds to Peter Collinson in London. Around these men formed the nucleus of a botany movement, which included famous Swedish botanist Carl Linnaeus; Philip Miller, bestselling author of *The Gardeners Dictionary*; and Joseph Banks and David Solander, two botanist explorers, who scoured the globe for plant life aboard Captain Cook’s *Endeavor*. As they cultivated exotic blooms from around the world, they helped make Britain an

epicenter of horticultural and botanical expertise. The Brother Gardeners paints a vivid portrait of an emerging world of knowledge and gardening as we know it today.

**The Pact** Sampson Davis, George Jenkins, Rameck Hunt, Lisa Frazier Page, 2003-05-06 A NEW YORK TIMES BESTSELLER A remarkable story about the power of friendship. Chosen by Essence to be among the forty most influential African Americans, the three doctors grew up in the streets of Newark, facing city life's temptations, pitfalls, even jail. Sampson Davis, George Jenkins, and Rameck Hunt are not only friends to this day—they are all doctors. This is a story about joining forces and beating the odds. Vegan, at Times Jessica Seinfeld, 2021-11-23 INSTANT NEW YORK TIMES BESTSELLER An all-new collection of more than 120 recipes that are so delicious and easy to make, you might forget they're vegan, from the #1 New York Times bestselling author of Deceptively Delicious, Double Delicious, The Can't Cook Book, and Food Swings. Jessica Seinfeld isn't a committed vegan. Her husband and her children aren't, either. Instead of convincing you to become vegan or shaming you for eating meat, she simply wants to show you how easy it is to be a vegan, at times, by cooking flavorful, affordable, and robust plant-based meals whenever you want—whether that's every day, once a week, or just once in a while. With her reassuring and accessible style, Jessica shows you step-by-step recipes for sweet and savory breakfasts, comforting and healthy meals for lunch and dinner, delicious snacks that can be whipped together quickly, and essential sauces and dressings—all tailored to home cooks. She also demonstrates how to create a basic vegan pantry filled with the essential items to keep in stock, explains what kitchen equipment you'll want to have on hand, gives sample menus for combining recipes, and tells relatable stories from her adventures in vegan cooking with her family. Simple, affordable, and comforting, and infused with Jessica's "encouraging attitude" (Publishers Weekly), *Vegan, at Times* is the perfect gateway to a healthier and more balanced you.

*The Glamour State* Melissa Argueta, 2012-11-20

*Mannahatta* Eric W. Sanderson, 2013-11-27 What did New York look like four centuries ago? An extraordinary reconstruction of a wild island from the forests of Times Square to the wetlands downtown. Named a Best Book of the Year by Library Journal, New York Magazine, and San Francisco Chronicle On September 12, 1609, Henry Hudson first set foot on the land that would become Manhattan. Today, it's difficult to imagine what he saw, but for more than a decade, landscape ecologist Eric Sanderson has been working to do just that. *Mannahatta: A Natural History of New York City* is the astounding result of those efforts, reconstructing in words and images the wild island that millions now call home. By geographically matching an eighteenth-century map with one of the modern city, examining volumes of historic documents, and collecting

and analyzing scientific data, Sanderson re-creates topography, flora, and fauna from a time when actual wolves prowled far beyond Wall Street and the degree of biological diversity rivaled that of our most famous national parks. His lively text guides you through this abundant landscape—while breathtaking illustrations transport you back in time. Mannahatta is a groundbreaking work that provides not only a window into the past, but also inspiration for the future. “[A] wise and beautiful book, sure to enthrall anyone interested in NYC history.” —Publishers Weekly (starred review) “A cartographical detective tale . . . The fact-intense charts, maps and tables offered in abundance here are fascinating.” —The New York Times “[An] exuberantly written and beautifully illustrated exploration of pre-European Gotham.” —San Francisco Chronicle “You don’t have to be a New Yorker to be enthralled.” —Library Journal

**Jacob Have I Loved** Katherine Paterson, 2009-10-06 Katherine Paterson's remarkable Newbery Medal-winning classic about a painful sibling rivalry, and one sister's struggle to make her own way, is an honest and daring portrayal of adolescence and coming of age. A strong choice for independent reading, both for summer reading and homeschooling, as well as in the classroom, *Jacob Have I Loved* has been lauded as a cornerstone young adult novel and was ranked among the all-time best children's novels in a survey published by School Library Journal. *Jacob have I loved, but Esau have I hated* . . . With her grandmother's taunt, Louise knew that she, like the biblical Esau, was the despised elder twin. Caroline, her selfish younger sister, was the one everyone loved. Growing up on a tiny Chesapeake Bay island, angry Louise reveals how Caroline has robbed her of everything: her hopes for schooling, her friends, her mother, even her name. While everyone pampers Caroline, Wheeze (her sister's name for her) begins to learn the ways of the watermen and the secrets of the island, especially of old Captain Wallace, who has mysteriously returned after fifty years. The war unexpectedly gives this independent girl a chance to fulfill her dream to work on the water alongside her father. But the dream does not satisfy the woman she is becoming. Alone and unsure, Louise begins to fight her way to a place for herself outside her sister's shadow. But in order to do that, she must first figure out who she is...

*Decorating for the Holidays* Valerie Parr Hill, 2000-09 Showcases seasonal decorations, explaining how to create festive displays, welcoming tables, and glowing tableaus for Thanksgiving and Christmas.

*Email: 9/12* Midge Guerrera, 2021-10 During one of the most horrific tragedies our nation has ever faced, our keyboards kept us connected. *E-Mail: 9/12*, demonstrates how sharing, grieving and even allowing a spark of humor to fly through cyberspace helped America get through the painful aftermath of 9/11. Unnamed actors play all the characters that responded to Margaret's e-mail rambling about her day. These responses provide a picture that probes into the hearts of the people that were there, had someone there and those of us who will always be able to tell you where we were when the first plane hit the North Tower at 8:46 AM on September 11, 2001.

*Inflation Expectations* Peter J N Sinclair, 2009-12-16 Inflation is regarded by the many as a menace that damages

business and can only make life worse for households. Keeping it low depends critically on ensuring that firms and workers expect it to be low. So expectations of inflation are a key influence on national economic welfare. This collection pulls together a galaxy of world experts (including Roy Batchelor, Richard Curtin and Staffan Linden) on inflation expectations to debate different aspects of the issues involved. The main focus of the volume is on likely inflation developments. A number of factors have led practitioners and academic observers of monetary policy to place increasing emphasis recently on inflation expectations. One is the spread of inflation targeting, invented in New Zealand over 15 years ago, but now encompassing many important economies including Brazil, Canada, Israel and Great Britain. Even more significantly, the European Central Bank, the Bank of Japan and the United States Federal Bank are the leading members of another group of monetary institutions all considering or implementing moves in the same direction. A second is the large reduction in actual inflation that has been observed in most countries over the past decade or so. These considerations underscore the critical – and largely underrecognized – importance of inflation expectations. They emphasize the importance of the issues, and the great need for a volume that offers a clear, systematic treatment of them. This book, under the steely editorship of Peter Sinclair, should prove very important for policy makers and monetary economists alike.

**Reimagining Death** Lucinda Herring, 2019-01-08 Honor your loved ones and the earth by choosing practical, spiritual, and eco-friendly after-death care. Natural, legal, and innovative after-death care options are transforming the paradigm of the existing funeral industry, helping families and communities recover their instinctive capacity to care for a loved one after death and do so in creative and healing ways. *Reimagining Death* offers stories and guidance for home funeral vigils, advance after-death care directives, green burials, and conscious dying. When we bring art and beauty, meaningful ritual, and joy to ease our loss and sorrow, we are greening the gateway of death and returning home to ourselves, to the wisdom of our bodies, and to the earth.

*The Natural Burial Cemetery Guide* Ann Hoffner, 2017 A guidebook for over 125 US cemeteries that offer green burial. Includes introductory material on green burial and photo illustrations. Detailed cemetery entries are color coded and grouped by region and state. 303 pages.

*Lady Long Rider* Bernice Ende, 2018-10-24 -

**Tucker's Island** Gretchen F. Coyle and Deborah C. Whitcraft, 2015 Once located between Great Bay and Little Egg Harbor, along the New Jersey coast, Tucker's Island disappeared into the Atlantic Ocean. Sand dunes and native foliage once covered its eight miles. For generations, the Rider family kept the light illuminated, and the US Life-Saving Service provided aid to ships in distress. Two hotels were constructed by island men with building materials salvaged from local shipwrecks. Visitors arrived by sail or steam, and the popularity of Tucker's Island inspired real estate agents to sell worthless lots to unsuspecting buyers eager for their own piece of the shore. Storms battered the vulnerable island; the lighthouse toppled in

1927, the life-saving station washed away, and in 1932, the island was removed from tax records.

*Aletta Ocean's Alphabet Empire* S. J. Fowler, 2018-09-04 The dollar sign is a duck walking backwards into a lake. Aletta Ocean's Alphabet Empire is an almighty triumph, a well-earned relief. - Chris McCabe
