Love Them Anyway Choco De Jesús,2021-06-01 Love breaks through defenses and destroys walls that divide us. Love demands more of you and me than we often want to give. It's easy to love a lovely person, but what about...them? What about

that stereotype, that race, that person or group of people in a political, cultural, or socioeconomic class who don't behave like you, don't believe like you, and if you are honest...make you uncomfortable? What is love in this context? We read that Jesus broke boundaries to love the people that many detested. His love was transformative because His love saw past disagreement, indifference, and offense. Loving them? Like this? That's hard. If you consider yourself a Christian, then love should be your primary characteristic. But it seems that division defines us in our society where rage and anger abound. Today, many people see Christians as angry followers of God who are more interested in winning political arguments than loving people. If we say we follow Jesus but are not loving like Him, then what's the point? There is a better way. Using the incredible story of how Pastor Choco chose to "love them anyway" to transform the crime-ridden community of Humboldt Park in Chicago, Love Them Anyway will inspire you to love in a way you never have. This book will pave a compelling path for you to both express and experience a truly transformative love on a deep level. It will tap into your deepest desires, expose your hesitations, connect you deeper with God's love, and help you take bold steps to love the people around you—and your love will change lives. When you learn to Love Them Anyway, your passion will be redirected, your purpose will be refined, and you will see God use you in ways you could never have imagined. Love is hard. It's not convenient, and it's not always safe. But love is beautiful. Love is contagious. It breaks through defenses and destroys walls that divide us. Love is the answer. So, love them anyway. Redirect your passion, refine your purpose, and see God use you in ways you never imagined.

The Humane Gardener Nancy Lawson, 2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. *The Humane Gardener* fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

The Captive Kingdom (The Ascendance Series, Book 4) Jennifer A. Nielsen, 2020-10-06 Acclaimed author Jennifer A. Nielsen returns to the beloved world of her New York Times bestseller *The False Prince* in a highly anticipated fourth book in the Ascendance Series! In a peaceful Carthya, Jaron leads as the Ascendant King with Imogen beside him -- but the peace he fought so long for is not destined to last. Against his will, Jaron will be pulled back into a fight for the throne -- and a battle to save his kingdom. Return to Carthya to uncover new secrets, high-stakes action, and Jennifer A. The Smallest Lights in the Universe Sara Seager, 2020-08-18 LOS ANGELES TIMES BOOK PRIZE WINNER • An MIT astrophysicist reinvents herself in the wake of tragedy and discovers the power of connection on this planet, even as she searches our galaxy for another Earth, in this “bewitching” (Anthony Doerr, *The New York Times Book Review*) memoir. “Sara Seager’s exploration of outer and inner space makes for a stunningly original memoir.”—Abraham Verghese, author of *Cutting for Stone* Sara Seager has always been in love with the stars: so many lights in the sky, so much possibility. Now a pioneering planetary scientist, she searches for exoplanets—especially that distant, elusive world that sustains life. But with the unexpected death of Seager’s husband, the purpose of her own life becomes hard for her to see. Suddenly, at forty, she is a widow and the single mother of two young boys. For the first time, she feels alone in the universe. As she struggles to

navigate her life after loss, Seager takes solace in the alien beauty of exoplanets and the technical challenges of exploration. At the same time, she discovers earthbound connections that feel every bit as wondrous, when strangers and loved ones alike reach out to her across the space of her grief. Among them are the Widows of Concord, a group of women offering advice on everything from home maintenance to dating, and her beloved sons, Max and Alex. Most unexpected of all, there is another kind of one-in-a-billion match, not in the stars but here at home. Probing and invigoratingly honest, *The Smallest Lights in the Universe* is its own kind of light in the dark.

The Devil's Financial Dictionary Jason Zweig,2015-10-13 Your Survival Guide to the Hades of Wall Street *The Devil's Financial Dictionary* skewers the plutocrats and bureaucrats who gave us exploding mortgages, freakish risks, and banks too big to fail. And it distills the complexities, absurdities, and pomposities of Wall Street into plain truths and aphorisms anyone can understand. An indispensable survival guide to the hostile wilderness of today's financial markets, *The Devil's Financial Dictionary* delivers practical insights with a scorpion's sting. It cuts through the fads and fakery of Wall Street and clears a safe path for investors between euphoria and despair. Staying out of financial purgatory has never been this fun.

Contemporary Acoustic Guitar Design and Build (2nd Edition) Trevor Gore,2016-05-01 *Contemporary Acoustic Guitar Design and Build* is for everyone who wants to understand more about designing and building acoustic guitars using methods based on the acoustical and engineering sciences and contemporary small workshop practices. For the first time, the sound output of a guitar is comprehensively related both theoretically and practically to the instrument's woodwork, providing a logical and scientific method for designing guitars and real answers to questions that have challenged luthiers for centuries. Instruments built using these techniques are measurably more powerful, in-tune, responsive and playable than just about anything for sale in a music store. The differences are immediately audible.First time builders and experts alike will find these volumes invaluable. Building instructions and full sized plans are provided for four different types of guitar. But the real purpose of these volumes is to provide a design and build methodology that will allow the reader to construct just about any type of flat top guitar; the perfect guitar for yourself or your customer, using the same techniques that provide the quality and consistency required by pragmatic luthiers who make guitars for a living.

Bloom Kelle Hampton,2013-04-02 "In her tender and genuinely beautiful memoir, Kelle Hampton encourages us to not

simply accept the unexpected circumstances of our lives, but to embrace them like the things we wished for all along.”
 —Matthew Logelin, New York Times bestselling author of *Two Kisses for Maddy Bloom* is an inspiring and heartfelt memoir that celebrates the beauty found in the unexpected, the strength of a mother’s love, and, ultimately, the amazing power of perspective. The author of the popular blog *Enjoying the Small Things*—named *The Bump’s Best Special Needs Blog* and *The Blog You’ve Learned the Most From* in the 2010 BlogLuxe Awards—Kelle Hampton interweaves lyrical prose and stunning four-color photography as she recounts the unforgettable story of the first year in the life of her daughter Nella, who has Down syndrome. Poignant, eye-opening, and heart-soaring, Hampton’s *Bloom* is ultimately about embracing life and really living it.
