Diversity and Leadership Jean Lau Chin, Joseph E. Trimble, 2014-09-02 Although leadership theories have evolved to reflect changing social contexts, many remain silent on issues of equity, diversity, and social justice. *Diversity and Leadership*, by Jean Lau Chin and Joseph E. Trimble, offers a new paradigm for examining leadership by bringing together two domains—research on leadership and research on diversity—to challenge existing notions of leadership and move toward a diverse and global view of society and its institutions. This compelling book delivers an approach to leadership that is inclusive, promotes access for diverse leaders, and addresses barriers that narrowly confine our perceptions and expectations of leaders. Redefining leadership as global and diverse, the authors impart new understanding of who our leaders are, the process of communication, exchange between leaders and their members, criteria for selecting, training, and evaluating leaders in the 21st century, and the organizational and societal contexts in which leadership is exercised.

The Homosexual Agenda Alan Sears, Craig Osten, 2003 Equips Christians and even those outside the church who see the destructive power of this agenda to fight it and proclaim biblical truth.

Indiana University Bloomington J. Terry Clapacs, 2021-11-16 Amid the forested hills of southern Indiana stands one of America's most beautiful college campuses. *Indiana University Bloomington: America's Legacy Campus*, the new edition, returns the reader to this architectural gem and cultural touchstone. Revised and updated to include new buildings and features of campus life, it is a must have for any Hoosier. The IU Bloomington campus, rich in architectural tradition, harmonious in building scale and materials, and surrounded by natural beauty, stands today as a testimony to careful campus planning and committed stewardship. Planning principles adopted in the very early stages of campus development have been protected, enhanced, and faithfully preserved, resulting in an institution that can truly be called America's Legacy Campus. Lavishly illustrated and brimming with fascinating details, this book tells the story of Indiana University—a tale not only of buildings, architecture, and growth, but of the talented, dedicated people who brought the buildings to life. Completely updated with new buildings and an epilogue, and now even more lavishly illustrated, this new edition is a lasting tribute to the treasure that is Indiana University Bloomington.

Emergency Department Leadership and Management Stephanie Kayden, Philip D. Anderson, Robert Freitas, Elke Platz, 2014-11-27 Written for a global audience, by an international team, the book provides practical, case-based emergency

department leadership skills.

Frankenstein 200 Rebecca Baumann, 2018-04-25 1. This is an exhibition guide published in partnership with the Lilly Library. Although an exhibit guide, it is well-written and entertaining, and will hold appeal to those interested in Frankenstein even if they don't attend the exhibit 2. At past openings to exhibits, attendance has been between 750-1000 people. 3. 2018 is the 200th Anniversary of the publication of the 1818 edition of Frankenstein, the first edition of the book.

Better Atul Gawande, 2008-01-22 NATIONAL BESTSELLER The New York Times bestselling author of *Being Mortal* and *Complications* examines, in riveting accounts of medical failure and triumph, how success is achieved in a complex and risk-filled profession The struggle to perform well is universal: each one of us faces fatigue, limited resources, and imperfect abilities in whatever we do. But nowhere is this drive to do better more important than in medicine, where lives are on the line with every decision. In this book, Atul Gawande explores how doctors strive to close the gap between best intentions and best performance in the face of obstacles that sometimes seem insurmountable. Gawande's gripping stories of diligence, ingenuity, and what it means to do right by people take us to battlefield surgical tents in Iraq, to labor and delivery rooms in Boston, to a polio outbreak in India, and to malpractice courtrooms around the country. He discusses the ethical dilemmas of doctors' participation in lethal injections, examines the influence of money on modern medicine, and recounts the astoundingly contentious history of hand washing. And as in all his writing, Gawande gives us an inside look at his own life as a practicing surgeon, offering a searingly honest firsthand account of work in a field where mistakes are both unavoidable and unthinkable. At once unflinching and compassionate, *Better* is an exhilarating journey narrated by arguably the best nonfiction doctor-writer around (Salon). Gawande's investigation into medical professionals and how they progress from merely good to great provides rare insight into the elements of success, illuminating every area of human endeavor.

The New Ethics of Journalism Kelly McBride, Tom Rosenstiel, 2013-07-17 Featuring a new code of ethics for journalists and essays by 14 journalism thought leaders and practitioners, *The New Ethics of Journalism: Principles for the 21st Century*, by Kelly McBride and Tom Rosenstiel, examines the new pressures brought to bear on journalism by technology and changing audience habits. It offers a new framework for making critical moral choices, as well as case studies that reinforce the concepts and principles rising to prominence in 21st century communication. The book addresses the unique problems facing journalism today, including how we arrive at truth in an era of abundant and unverified information; the evolution of new business models and partnerships; the presence of journalists on independent social media platforms; the role of diversity; the meaning of stories; the value of images; and the role of community in the production of journalism.

No Fear Tony Perkins, 2015-09-08 This book heralds a new generation of Christians who are more than bold...they are fearless! *No Fear* draws you inside the stories of young, ordinary believers who, despite incredible opposition, courageously stand up for God's truth. Tony Perkins pairs each story with a biblical example and gives practical ideas for building a "no

fear” perspective every day. Today, followers of Jesus Christ face more opposition to their beliefs than any generation in American history. Yet even in such a hostile cultural and political environment, it is an exciting time to stand firm in the faith. You have been chosen to live in this important hour, and reading these stories will inspire you to the same kind of courage. So what are you waiting for? “Tony Perkins has discovered a new generation of young people who love following God more than the crowd...You will discover there is still hope for America and the world after reading their stories in No Fear!” —Todd Starnes, Fox News Channel “No Fear...is a must-read book that will inspire a courageous heart in tomorrow’s movers and shakers. —Dana Loesch, nationally syndicated radio host, author, host BlazeTV “As the world continues to spiral into an anti-Christian age, it’s important to empower our young people with the strength and conviction to hold fast to the teachings of Christ, and No Fear does just that.” —Dr. Jack Graham, Senior Pastor, Prestonwood Baptist Church Includes discussion questions after each chapter.

Civil Procedure in Sweden R.B. Ginsburgs, Anders Bruzelius, 1965-07 First of a series to be prepared by the Project on International Procedure of the Columbia University School of Law.

Media Innovation and Entrepreneurship Michelle Ferrier, Dr Elizabeth Mays, Ph.D., 2017-10-24 Media Innovation & Entrepreneurship is an open, collaboratively written and edited volume designed to fill the needs of a growing number of journalism and mass communications programs in the U.S. that are teaching media entrepreneurship, media innovation, and the business of journalism to undergraduate and graduate students.

Clinical Laboratory Management Timothy C. Allen, Vickie S. Baselski, Deirdre L. Church, Donald S. Karcher, Michael R. Lewis, Andrea J. Linscott, Melinda D. Poulter, Gary W. Procop, Alice S. Weissfeld, Donna M. Wolk, 2024-03-25 Clinical Laboratory Management Apply the principles of management in a clinical setting with this vital guide Clinical Laboratory Management, Third Edition, edited by an esteemed team of professionals under the guidance of editor-in-chief Lynne S. Garcia, is a comprehensive and essential reference for managing the complexities of the modern clinical laboratory. technology an entirely new section devoted to pandemic planning, collaboration, and response, lessons learned from COVID-19, and a look towards the future of laboratory preparedness This indispensable edition of Clinical Laboratory Management not only meets the needs of today's clinical laboratories but anticipates the future, making it a must-have resource for laboratory professionals, managers, and students. Get your copy today, and equip yourself with the tools, strategies, and insights to excel in the complex and ever-changing world of the clinical laboratory.

Implicit Bias and Philosophy: Metaphysics and epistemology Michael S. Brownstein, Jennifer Mather Saul, 2016 Most people show unconscious bias in their evaluations of social groups, in ways that may run counter to their conscious beliefs. This volume addresses key metaphysical and epistemological questions about implicit bias, including its effect on scientific research, gender stereotypes in philosophy, and the role of heuristics in biased reasoning.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Fundamentals of Pediatric Surgery Peter Mattei, Peter F. Nichol, Michael D. Rollins, II, Christopher S. Muratore, 2016-10-01 The previous edition of this book was based on a simple but essential philosophy: provide a practical and up-to-date resource for the practicing surgeon detailing the specific needs and special considerations surrounding the surgical care of children. The second edition of Fundamentals of Pediatric Surgery stays true to the philosophy of the original with several significant enhancements. As well as encompassing the most up-to-date and practical clinical information for the experienced surgeon written in a straightforward narrative style, each chapter provides a rationale for the proposed approach based on the scientific evidence available in the literature and the author's personal clinical experience, supplies a detailed algorithm or clinical protocol in a graphic format, initiates a discussion regarding unanswered questions and

proposals for future studies, and includes a list of suggested readings. Chapters cover in great detail a broad range of pediatric general surgery topics, including disorders of all major organ systems of the abdomen and thorax, congenital anomalies presenting in the newborn period, and a variety of maladies germane to the growing field of fetal surgery. The authors also provide authoritative discussions of therapeutic methods and surgical techniques that range from the traditional to the modern, including time-honored open operations, contemporary minimally invasive interventions, and emerging technologies such as single-site and robotic surgery. Written by experts in the field, *Fundamentals of Pediatric Surgery, Second Edition* is a definitive source of readily available clinical information that residents, fellows or attending surgeons can use to take care of actual patients in real time.

Super Body, Super Brain Michael Gonzalez-Wallace, 2010-12-28 Sharpen your mind and get in shape at the same time, with an innovative new workout stimulating multiple areas of the brain as it strengthens and tones the entire body. Acclaimed sports trainer Michael Gonzalez-Wallace (O magazine's "go-to guy" for anything about the body) shows readers a daily ten-minute workout that optimizes muscle power while boosting brain activity—training the brain by training the body.

Rethinking Acrylic Patti Brady, 2018-12-11 Revolutionize your work with acrylics! Get ready for the creative ride of your life! Tradition is out, experimentation is in with this cutting-edge how-to sampler of techniques to use with acrylic, the world's most versatile medium. Inside, you'll find inventive, non-traditional, downright inspirational ways to paint with acrylic (pour, scrape, squirt, roll, layer and excavate). Workshop style instruction covers a wide range of approaches: Watermedia Effects * Creating Texture Gels * Subtractive Techniques * Collage and Acrylic Skins * Acrylic Transfers and the Printed Image * Pours * Acrylic Encaustic * Metallic and Reflective Paints * Drawing and Resists with Acrylic * Traditional Techniques with Acrylic * Varnishing • 18 step-by-step demonstrations illustrate a wide variety of techniques including engraving acrylic, intarsia, pouring acrylic objects and more. • Studio visits profile 10 artists and their personal approaches to painting with acrylics. If you want to try something new...to put more play into your artwork...to test-drive some of those enticing products you've been eyeing...open this book and go for it. We're not talking just about brush and canvas anymore...get out the hand-sander and Plexiglas, and hold on tight (or better yet, let loose!), because this adventure-in-acrylics will take you through a variety of possibilities. Delicate transparent washes, lively impasto surfaces, radical multi-dimensional effects... What will YOU think of next?

Shakespeare Plays the Classroom Stuart E. Omans, Maurice J. O'Sullivan, 2003 Bringing Shakespeare to the Sunshine State, this book gathers together a talented group of teachers, choreographers, directors, set designers, musicians, costumers, actors, and artists to discuss how they have adapted the bard's monologues in Miami, assassinated Julius Caesar on the steps of Tallahassee's Capitol, trained students to duel in Florida's Panhandle, placed Shylock on trial in Orlando, and transformed Gainesville into Puck's magical forest. This guide for teachers and lovers of literature and theater is an original

collection of essays exploring the idea that Shakespeare's plays are best approached playfully through performance. Based on their wide-ranging experience as theater professionals and teachers in Florida, New York, London, and Stratford, the authors celebrate Shakespeare's continuing appeal to our complex, diverse culture. The essays include reflections on acting by the Royal Shakespeare Company's longest-serving member. And there's practical advice on acting; directing; staging fights; designing costumes; and integrating music, dance, masks, and puppets into performances from teachers and others who have refined their methods by performing Shakespeare in the classroom.

The Comic Art of War Christina M. Knopf, 2015-07-14 For military cartoonists the absurdity of war inspires a laugh-or-cry response and provides an endless source of un-funny amusement. Cartoons by hundreds of artists-at-arms from more than a dozen countries and spanning two centuries are included in this study--the first to consider such a broad range of military comics. War and military life are examined through the inside jokes of the men and women who served. The author analyzes themes of culture, hierarchy, enemies and allies, geography, sexuality, combat, and civilian relations and describes how comics function within a community. A number of artists included were known for their work with Disney, Marvel Comics, the New Yorker and Madison Avenue but many lesser known artists are recognized.
