Inked Joe Dator, 2021-10-19 Joe Dator makes me laugh. Everybody loves to look behind the scenes and his new book shows the secrets, inspirations, heartaches, and triumphs of a life in cartoons. Christopher Guest and I have a collection of original cartoons, and we love our Joe Dator! —Jamie Lee Curtis From inspiration to conception and all the trials in-between. Inked is a collection of cartoons from one of the New Yorker's most beloved cartoonists. Filled with more than 150 of Dator's single-panel cartoons, this lively, quick-witted book betrays a deadpan sense of humor. But Inked is more than a book of cartoons. Dator also dives into the creative process, offering bonus commentary on how ideas have come to fruition, how one idea has led to another, and the various attempts to get an idea right. Along the way, he shows how a spark of imagination has turned into a laugh-out-loud moment with only a single image and caption, and how other attempts have found themselves on the cutting-room floor.

**My Book of Beautiful Oops!** Barney Saltzberg, 2017-05-30 Every mistake is an opportunity to make something beautiful. This is the central idea of Beautiful Oops!, Barney Saltzberg's beloved bestseller—and now My Book of Beautiful Oops!, an interactive journal for young artists, takes that principle into unexpected new directions. A hands-on journal that's meant to be personalized—drawn in, painted on, torn up, smudged, or otherwise artistically wrecked—My Book of Beautiful Oops! is filled with folded, crumpled, die-cut, and lift-the-flap pages that will challenge the reader's sense of play. The friendly green alligator from the first book prompts the reader: Bend a page. Decorate a smudge. Play with splats and spills.

Even complete a poem that was accidentally ripped in half. My Beautiful Book of Oops! champions imagination, play, and the courage to express oneself. It's about self-forgiveness, about turning off that inner critic that clamors for perfection. And it's about freedom—the freedom to be creative and follow your curiosity wherever it goes. That's a lesson to celebrate.

Ramos, Jr., 2019-05-28 Named one of the "Best Children's Books of 2019" by Parents magazine, this funny, clever picture book tells the true story of how Pencil and Eraser became the best of friends. When Pencil draws on the pages of this book, Eraser erases parts of Pencil's work, and the book itself becomes a canvas for their different takes on creativity—until the two discover their artwork is even better when they work together. From Karen Kilpatrick, Luis O. Ramos, Jr., and illustrator Germán Blanco, When Pencil Met Eraser brings to life something kids use every day at school and at home. Engaging art, adorable characters, and a clever ending create a memorable message about friendship and creativity. An Imprint Book An imaginative and engaging look into artistic possibility. —Kirkus Reviews "Readers young and old alike will love this imagining of the dynamic duo that is Pencil and Eraser." —School Library Journal

The Locked Room Rozemin Keshvani, 2020-04-21 The untold story of a radical approach to the teaching of sculpture at Saint Martin's School of Art. In 1969, four tutors at Saint Martin's School of Art in London undertook a radical experiment in the teaching of sculpture. Students in the "A" Course were placed together in a large white room, locked from the inside. They were given projects that specified only what they could not do, not what they were required or assigned to do. Students were not permitted to speak to each other or to their instructors while in the Locked Room. Instructors gave students no feedback or evaluation. Discussing the course outside the Locked Room was discouraged. Not surprisingly, this approach was controversial. Fifty years later, in this book, students and staff from the Locked Room come together to explore, reflect upon, and reveal what really happened in the white room. The Locked Room includes interviews, conversations, and writings from participants alongside never-before-published photographs and archival documentation. It presents more than thirty student projects, spanning four years of inventive instruction by its four tutors, Peter Atkins, Garth Evans, Peter Harvey, and Gareth

Jones, as well as student-initiated games and actions—including an account of the infamous extracurricular “boxing match” organized by students. The Locked Room challenged the notion of a canon and the idea of an academy. It questioned the very act of instruction, proposing instead that students engage critically with their own experiences and become the authors of their own learning. Its radical approach continues to reverberate in art education. Copublished with the A-Course Project
