Sebastian Ryszard Kruk, Bill McDaniel

Handbook of Japanese Mythology Michael Ashkenazi, 2003-11-05 An introductory guide to the mythology of Japan—one of the most pervasive yet least understood facets of Japanese culture. *Handbook of Japanese Mythology* makes it easy to travel this vast yet little-known mythological landscape. The book reveals the origins of Japan's myths in the very different realms of Buddhism, Shinto, and folklore, and explores related mythologies of the Ainu and Okinawan cultures and recent myths arising from Japan's encounters with modernization. It then offers vivid retellings of the central Shinto and Buddhist myths, plus descriptions of major historical figures, icons, rituals, and events. For students or long-time enthusiasts, it is the ideal guide for investigating Japanese reverence for the sun, the imperial family, and the virtues of purity and loyalty. Readers will also learn why sumo wrestlers stomp before each match, how a fussy baby creates thunder, why Japan has a god for soccer, and much more.

LEGO Ninjago Character Encyclopedia New Edition Simon Hugo, Claire Sipi, 2021-03-09 Meet more than 200 minifigures from the LEGO® NINJAGO® world! Find out the coolest details about hundreds of LEGO NINJAGO minifigures. Uncover unusual versions of legendary heroes, including Avatar Zane and Teen Wu. Discover heroes and villains from 10 years of LEGO NINJAGO in the LEGO NINJAGO Character Encyclopedia New Edition - the ultimate handbook for fans of the NINJAGO world. ©2021 The LEGO Group.

The Poetic Artistry of José Watanabe Randy Muth, Alfredo López-Pasarín Basabe, Shigeko Mato, 2021 Connecting multiple academic areas, this book addresses three aspects of the poetry of José Watanabe: 1) the construction of Japaneseness in the poetic works and public figure of the poet, 2) the skillful manipulation of literary devices characteristic of his poetry, 3) the unique sensibilities and moods of ephemerality and ineffableness prevalent in his poetic works. The trans/interdisciplinary nature of the book intends to promote a dialogue and exchange of ideas across academic fields neglected in most studies on the Peruvian poet. Written by researchers based in Japan, it offers a unique perspective of Japanese cultural phenomenon unavailable in previous studies. The goal of the book is to shed light on how Japan continues to be seen by the West through essentialist notions and stereotypical representations, as well as to highlight the fact that the

literary quality of Watanabe's poetic artistry does not reside in it being Japanese and can be appreciated without resorting to essentialist categorizations based on positive Japanese stereotypes. Randy Muth (Ph.D.) is Associate Professor of Language and Culture at Kio University in Nara, Japan, where he has resided since 1994. His published works include numerous books and articles on José Watanabe. His research interests include Latin American and Japanese Literatures, literature and identity and Narrative Theory. He is author of *José Watanabe: el ojo que nos descubre* (2009). Alfredo López-Pasarín Basabe (Ph.D.) is Professor in the School of Politics and Economic Sciences at Waseda University in Tokyo, Japan, where he has resided since 1989. He is the author of numerous works on contemporary Spanish poetry, especially on the Generation of '50. His most important work is *Theory and Practice of the Analysis of Poetic texts* (2016). Shigeko Mato (Ph.D.) is Professor of Spanish and Latin American Literature and Culture at the School of International Liberal Studies, Waseda University, Japan. She has published numerous articles and book chapters on contemporary Japanese Peruvian literature. She is the author of *Las voces que entrecruzan el Perú y Japón* (2021).

Shoe Dog Phil Knight, 2016-04-26 In this instant and tenacious New York Times bestseller, Nike founder and board chairman Phil Knight “offers a rare and revealing look at the notoriously media-shy man behind the swoosh” (Booklist, starred review), illuminating his company’s early days as an intrepid start-up and its evolution into one of the world’s most iconic, game-changing, and profitable brands. Bill Gates named *Shoe Dog* one of his five favorite books of 2016 and called it “an amazing tale, a refreshingly honest reminder of what the path to business success really looks like. It’s a messy, perilous,

and chaotic journey, riddled with mistakes, endless struggles, and sacrifice. Phil Knight opens up in ways few CEOs are willing to do.” Fresh out of business school, Phil Knight borrowed fifty dollars from his father and launched a company with one simple mission: import high-quality, low-cost running shoes from Japan. Selling the shoes from the trunk of his car in 1963, Knight grossed eight thousand dollars that first year. Today, Nike’s annual sales top \$30 billion. In this age of start-ups, Knight’s Nike is the gold standard, and its swoosh is one of the few icons instantly recognized in every corner of the world. But Knight, the man behind the swoosh, has always been a mystery. In *Shoe Dog*, he tells his story at last. At twenty-four, Knight decides that rather than work for a big corporation, he will create something all his own, new, dynamic, different. He details the many risks he encountered, the crushing setbacks, the ruthless competitors and hostile bankers—as well as his many thrilling triumphs. Above all, he recalls the relationships that formed the heart and soul of Nike, with his former track coach, the irascible and charismatic Bill Bowerman, and with his first employees, a ragtag group of misfits and savants who quickly became a band of swoosh-crazed brothers. Together, harnessing the electrifying power of a bold vision and a shared belief in the transformative power of sports, they created a brand—and a culture—that changed everything.

The Introvert Entrepreneur Beth Buelow, 2015-11-03 A practical guide to help introverts harness their natural gifts and entrepreneurial spirit Think you have to be loud and brash to be successful in business? Think again. The strengths and traits of the typical introvert lend themselves well to entrepreneurship, as well as “intrapreneurship” and a range of business roles. In *The Introvert Entrepreneur*, professional coach Beth Buelow shows readers how to harness their natural gifts (including curiosity, independence, and a love of research) and counteract their challenges (such as an aversion to networking and self-promotion). She addresses a wide range of topics --from managing fears and expectations and developing a growth mindset to networking, marketing, leadership skills, and community-building--informed by interviews with introverts who have created successful businesses without compromising their core personality. Filled with fresh insights and actionable advice, this essential guide will support anyone who’s striving to make a difference in a loud and chaotic world.

LEGO Ninjago #5: Kingdom of the Snakes Greg Farshtey, 2013-06-11 It's a terrible life! Jay flies the Storm Fighter through a terrible storm and survives! But he may not be in Ninjago anymore! He's stranded in a frighteningly similar world where Sensei Wu's ninja team was never formed, and the consequences are nightmarish! See what has happened to this world's Cole, Zane, Kai, and even Jay in *Kingdom of the Snakes*!

LEGO Ninjago Masters of Spinjitzu Character Encyclopedia Claire Sipi, 2015

Manufactured by AMEET Sp. z o.o. under license from the LEGO Group.

Semantic Digital Libraries Sebastian Ryszard Kruk,Bill McDaniel,2008-10-08 Libraries have always been an inspiration for the standards and technologies developed by semantic web activities. However, except for the Dublin Core specification, semantic web and social networking technologies have not been widely adopted and further developed by major digital library initiatives and projects. Yet semantic technologies offer a new level of flexibility, interoperability, and relationships for digital repositories. Kruk and McDaniel present semantic web-related aspects of current digital library activities, and introduce their functionality; they show examples ranging from general architectural descriptions to detailed usages of specific ontologies, and thus stimulate the awareness of researchers, engineers, and potential users of those technologies. Their presentation is completed by chapters on existing prototype systems such as JeromeDL, BRICKS, and Greenstone, as well as a look into the possible future of semantic digital libraries. This book is aimed at researchers and graduate students in areas like digital libraries, the semantic web, social networks, and information retrieval. This audience will benefit from detailed descriptions of both today's possibilities and also the shortcomings of applying semantic web technologies to large digital repositories of often unstructured data.

Eric Wert Richard Speer,Shawn Vandor,2018 Contains two essays about contemporary painter Eric Wert and more than 100 color reproductions of Wert's paintings and drawings. Also includes a step-by-step explanation of Wert's process, written by Wert himself, with photographs of each stage of the process--

Unchained Mind Ricardo G. Williams,2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinkingchains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments,

and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

The Old Weird Albion Justin Hopper, 2017 A woman stands at the edge of a cliff, looking out to sea and the horizon. Dancers welcome the sun in a circle of stones. A dowsing road turns without warning. A church bell. Footsteps. Old Weird Albion is America writer Justin Hopper's dark love song to the English South; a poetic essay interrogating the high, haunted landscape of the South Downs Way; the memories, myths and forgotten histories from Winchester to Beachy Head. When someone disappears, when someone leaps from a cliff and is all-but-erased from memory, what traces might we find in the crumbling chalk of the cliff face; in the wind that buffets the edge of this Albion? A skewed alternative to Bill Bryson, Hopper casts himself as the outsider as he wanders the English countryside in pursuit of mystical encounters. His journey sees him joining New Age eccentrics and accidental visionaries on the hunt for crop circles and druidic stones, discussing the power of nature with ecotherapists and pagans, tracing the ruins of abandoned settlements and walking the streets of eerie suburbs. Through a startling revelation of his own family history, Hopper turns part detective, part memoirist, tracking the footsteps of his grandfather's first wife, Doris; piecing together her forgotten history.

Attack of the Sky Pirates AMEET Studio, 2015-12-29 Activity book centered around Nadakhan the Djinn, a famous pirate and genie. Includes puzzles, visual games, and stories. Includes one LEGO ninja action figure, Jay, in six snap-together pieces.

Madame Butterfly David Belasco, 19??

Analysis and Design of Marine Structures Carlos Guedes Soares, P.K. Das, 2009-03-06 'Analysis and Design of Marine Structures' explores recent developments in methods and modelling procedures for structural assessment of marine structures: - Methods and tools for establishing loads and load effects; - Methods and tools for strength assessment; - Materials and fabrication of structures; - Methods and tools for structural design and optimisation; - Structural reliability, safety and environment protection. The book is a valuable reference source for academics, engineers and professionals involved in marine structures and design of ship and offshore structures.

Duty and Desire Book Club Edition Anju Gattani, 2021-01-27 To uphold family honor and tradition, Sheetal Prasad is

forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.
